

## **Wholesale CoolMax Socks Direct Price - Engineered for Peak Performance. Here are the selling points of CoolMax socks:**

### **1. Moisture-Wicking & Quick-Drying, No More Sweaty Feet**

Advanced Fiber Tech: Dupont CoolMax patented polyester fiber uses a 4-channel structure to rapidly wick away sweat, with 2x faster moisture absorption than cotton.

Micro-Climate Control: Lab-tested results show 60% reduced foot humidity, keeping feet dry all day. Significantly prevents blisters during running/hiking.

### **2. Smart Temperature Regulation, All-Season Adaptability**

Dynamic Ventilation: Breathable mesh zones (e.g., arch ventilation windows) boost airflow in summer, while hollow-core fibers trap warmth in winter for year-round comfort.

### **3. Anti-Odor & Antibacterial Protection**

Silver Ion Shield: SGS-certified 99% antibacterial rate, eliminates odor even after 48 hours of wear—no more post-workout awkwardness.

### **4. Ergonomic Support System**

Zoned Compression Design: Arch elastic bands reduce muscle vibration, 3D heel grips prevent slippage, and reinforced forefoot cushioning absorbs impact—ideal for marathons/high-intensity sports.

### **5. Eco-Friendly Materials**

Recycled Collection: Select styles use 50% recycled plastic bottles, certified by Bluesign® to balance performance and sustainability.

## **OEM Sports Running Socks Supplier - Use Cases**

High-Intensity Sports: Running/gym workouts/basketball/hiking

Daily Commute: Pair with dress shoes/work boots for sweat-proof comfort

Travel: Stay fresh during long flights or walks

## Product Description

Material	Cotton, polyester, elastic fibers
Decoration:	Dispensing customization
Customized Sampling Leadtime:	24 H
Customizable:	logo, size, material, pattern, etc
Packaging:	Customizable
Logo:	Customized drawings and samples
Production Leadtime:	20~25 Days

### Designated supplier of Fortune 500 enterprises REACH compliant

- ✔ With 20 years of knitwear manufacturer
- ✔ Coca-Cola certified factory worldwide
- ✔ Business plan development
- ✔ Flexible and innovative business solutions
- ✔ Qualified factory
- ✔ 24-hour fast proofing

# THE BEST FABRICS

---

## Coolmax & Lycra Fabrics

---

Coolmax fabric has unique moisture-wicking action to draw sweat away from your skin to keep dry and fresh.

Lycra greatly improve the elasticity and extensibility of the fabric, making you feel soft but not stiff.

## EXCELLENT ELASTICITY

Hugs your feet tight and  
adds compression for support

**Lycra**  
Elastic Fiber

**Arch**  
Support System

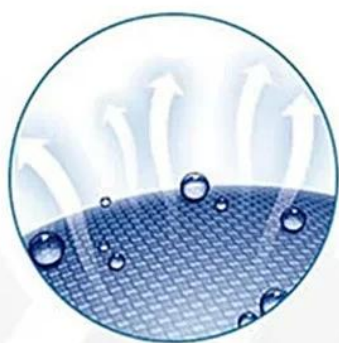

# ATHLETIC SOCKS DESIGNED WITH THE BEST FABRICS

# MOISTURE WICKING

**COOLMAX** fiber provides optimum temperature & moisture management

## **SIX** SPECIALIZED SUPPORT AREAS FOR ALL-OVER CUSHIONING

Medium Cushioning for impact resistance:  
like running on a cloud

Protects your toes, soles, and heels with  
shock absorption and non-slip, anti-skid  
construction: stays easily on your feet,  
and eliminates the risk of blisters
